HANDLING & STORAGE INSTRUCTIONS

Transfer the product packs to the deep freezer immediately at -18°C or below. Never leave them out at room temperature.

Stack the product packs properly. In case of cartons, do not stack more than 8. This is to ensure that the inventory is not damaged in any way.

Always rotate your freezer inventory.

Send the product to the market in refrigerated vehicle only.

Use the product straight from the freezer. Return unused product back to the freezer immediately. If thawed, do not freeze.

Pre-heat the oil in wok to maximum temperature 180°C .

Fill the basket half-full so that the product is fully submerged in oil to cook properly.

Fry the product for approximately 3 minutes. Check individual packs for complete cooking instructions.

Shake the basket gently in between of frying to break clusters and ensure even-cooking.

After frying, hold the basket for 10 seconds to remove excess oil.
