

Food to Enrich Life

## ABOUT US

Charoen Pokphand Foods Public Company Limited and its subsidiaries, CP Group, are a leading agro-industrial and food conglomerate in Thailand. The company operates through a vertically integrated business.

CP was started in 1921 by two humble, hard working Chinese brothers in Bangkok whose first business interest was selling seeds. For more than 90 years, CP has never forgotten its humble roots even though it has grown to become one of the largest food companies in Asia today. We strive bit-by-bit, day-by-day, to give our customers prosperity of life through good food.

With vision to be “Kitchen of the World” and as a fully integrated food manufacturer with operations ranging from feed production and animal husbandry to food processing and distribution under the “Farm to Fork” concept, the company implements stringent quality control measures throughout its supply chain, selecting only high quality raw materials to be processed using advanced production technologies while striving to adjust and develop cleaner and more efficient production processes. We are committed to providing products and services that are nutritious, tasty, safe, traceable and of high quality.

CP strives to understand local tastes, constantly changing lifestyles, cultures and traditions through product research and development. We aim to meet diverse consumer tastes and be a part of a better quality of life of consumers around the globe.

### **The Key differentiators for CP Foods in India are:**

- . Highest quality products**
- . Strict food safety standards**
- . Great tasting food prepared by our chefs**

We also would like to reiterate our commitment to conduct business with prudence and transparency while adhering to the philosophy of three benefits - benefits to the country, to the people and to the company - in order to attain sustainability. CP Group will continue to grow and achieve its vision of being the “Kitchen of the World”.
